

EDUCATION

Pathein University

2018 - Present

Bachelor of Arts – BA, English Language and Literature

Certificate in Business Management and Development

WORK EXPERIENCE

Effective Steps Learning Centre

YLE Teacher

2019 – Present

Been training pronunciation and speaking mainly. Improve teaching experience through training, life time learning and constant problem-solving skills. First performing as an assistant lecturer helping students understand more of the course. After a year, I was promoted as a lead lecturer organizing my own curriculum with doubled salary. Teaching is not as simple as I thought. Being a teacher isn't enough just with techniques or curriculum. Combining techniques, understanding of lessons and sympathy taught me how to become a dedicated teacher.

Effective Steps Learning Centre

Admin

2020 – 2021

During covid outbreak, we had to change all our classes to online mode, we needed more systematic documentation and a student council to deal with technical issues, public relations, formatted curriculum and providing of class schedule so that we won't have to rush if an issue comes up. I helped students and parents with technical concerns, tight schedule, inquiries and Centre, with detailed documentations and finance. Then I found out this field never annoys me.

PROFILE

A youth devoted to sharing, regarding a human as a human. Act as water according to the container but that water has conventions she would never bend to. Being serious about work-concerned and inquiries for help but still witty and a good laugh. Trying new things never made me bored.
